Projects

Personal Portfolio Website

Designed and developed a personal portfolio website to showcase my skills, education, projects, certifications, and resume.

- Built using HTML5 and CSS3
- Created a responsive and user-friendly layout
- Added sections for About Me, Skills, Projects, Certifications, and Contact
- Implemented images, navigation, buttons, and responsive styling
- Used Git and GitHub for version control and project management

Technologies: HTML, CSS, JavaScript, Git, GitHub

Library Management System

Developed a Library Management System to manage books, members, and library transactions efficiently.

- Designed and developed the application with a user-friendly interface
- Implemented book management, member management, and issue/return functionality
- Added search and record-management features for easy access to library information
- Applied CRUD operations for managing library data

Technologies: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, Git, GitHub

Certifications

- MERN Stack Developer Certification
